**Subject:** EPA Illinois Enforcement Technical Contact Update

Hi Suzanne, Brad, and Ola:

As you may be aware, the Pesticides and Toxics Compliance Section at EPA has recently brought several new staff on board and we are starting to shift some responsibilities, including technical contact assignments. For the remainder of FY21 and moving forward, Mirtha Cápiro will be taking over as your enforcement technical contact. Mirtha joined PTCS from our RCRA corrective action group in 2019 as part of EPA's internal realignment. She will be reaching out to you to schedule quarterly calls and will be working with you from this point forward. Susan will remain as your programmatic technical contact. Mirtha can be reached at [capiro.mirtha@epa.gov](mailto:capiro.mirtha@epa.gov) or 312-886-7567.

I have enjoyed working with you all and am grateful to all of you for helping me understand your agencies, work, and accomplishments. I will still be working in PTCS in pesticide enforcement and will be available to help make this transition as seamless as possible for you.

Thank you,

Claudia Niess  
Enforcement Officer  
Pesticides & Toxics Compliance Section  
U.S. Environmental Protection Agency, Region 5
